

21(Amended) A method according to claim 19 [or claim 20] comprising diverting fluid to the ram or rams associated with each of the plurality of reference load cells in turn, and selecting the outputs of the corresponding load cells for recording.

Remarks

Claims 1-21 are in the application.

The claims have been amended to remove all multiple dependencies.

Favorable consideration of the application is requested.

Respectfully,

Robert W. J. Usher
